## Cat Adoption/Foster Questionnaire

Many of the Doggie Rescue animals haven't had the happiest starts, and our policy is to ensure that our cats go to homes where they will be loved and properly cared for. For this reason we make sure that each person who adopts one of our cats is capable of and willing to accept the responsibilities of pet ownership. If you are prepared to make a lifelong commitment to one of our cats, please take the time to complete this questionnaire so that we can match you with a cat that best suits your needs, experience and lifestyle. In some cases, more than one application is received for the adoption of a particular cat. The decision is then with DR as to which application is the most suitable for the cat in question. If the cat you apply for is adopted out to someone else, DR can, upon request, try to help you find another suitable cat to adopt. No guarantee can be given that a suitable cat can be sourced. Or keep checking [www.doggierescue.com](http://www.doggierescue.com) as we update it daily. Please note you must be over 18 to adopt a cat and fill in this questionnaire. **Adoptions by appointment only.** Thank you!
